Customer Satisfaction

10+

Years Experience

- Solar PV Systems
- Hybrid + Battery Storage
- EV Charging
- Smart Monitoring App
- Net Metering Support
- Annual Maintenance

Item	Description	Qty	Amount
Panels — Reliance	700Wp HJT non-DCR	20	₹3.53L
Inverter — Deye	12kW 3-ph On-Grid	1	₹54,800
DCDB		1	₹7,009
ACDB		1	₹6,018
Mounting structure	GI Steel	1	₹84,960
Earthing rod	2m	3	₹4,957
Lightning arrestor	1m	1	₹0
MC4 connectors		40	₹2,379
Accessories	Pins & misc	1	₹5,900
Installation	Design / install / logistics	1	₹66,375
IoT hub — 360Watts	Energy automation	1	₹11,800
Wiring	DC + AC cables	1	₹7,080
Gross Total			₹6.04L
PM Surya Ghar Subsidy			- ₹78,000
Net Investment			₹5.26L

Not included: Civil works • TANGEDCO payment for sanctioned load extension + solar net meter • Reflective paints

ANNUAL SAVING

₹1.97L

PAYBACK PERIOD

2y 8m

ROI / YEAR

37.4%

BREAK-EVEN YEAR

Year 3

Why Solar Makes Sense

Break-even: Year 3

Net Cumulative Savings (₹000s)

Cumulative Cost Comparison (₹000s)

Next Steps

01

Confirm & Sign

Review this proposal, sign the agreement, and pay the advance (50%) to initiate the project.

02

Site Survey

Our engineers visit to finalise panel placement, mounting design, and structural requirements.

03

Material & Permits

We procure equipment and handle TANGEDCO net-metering and structural approvals.

04

Installation

Professional installation by our certified team — typically 7–14 working days.

05

Commissioning

System testing, monitoring setup, and handover with full training on the 360Watts app.

SMART MONITORING

360Watts App

Your solar investment, in your pocket.

Real-time Monitoring

Live solar generation, consumption and grid export data updated every 15 minutes.

AI Forecasting

ML-powered solar and load forecasts so you can plan energy usage ahead of time.

Smart Alerts

Instant notifications for system faults, production drops, or unusual consumption.

Mobile App

iOS and Android app — monitor your system anytime, anywhere.

360Watts

Smart Solar Platform

Reference Installations

6 kWp — Residential

8 kWp — Residential

20 kWp — Commercial

3

Thank You

We look forward to powering your future with clean, affordable solar energy.
